

Tools for Intelligent Monitoring of Health and Well-being SalWe Seminar

**ChemBio Conference, Messukeskus, Helsinki, Finland
22.03.2011 13.00 – 16.00**

PRELIMINARY PROGRAM

- | | |
|---------------|---|
| 13.00 – 13.10 | Introduction to the Research Program of Intelligent Monitoring of Health and Well-being (IMO)
Jouko Haapalahti, SalWe Oy and Orion Diagnostica Oy |
| 13.10 - 13.20 | Intelligent Biomarker Combinations
Jaana Mättö, Finnish Red Cross Blood Service Oy |
| 13.20-13.30 | Intelligent Platform Integration
Sari Tikanoja, Thermo Fisher Scientific Oy |
| 13.30 - 13.40 | Intelligent Printable Monitoring
Anna Kaisa Kylmä, Orion Diagnostica Oy |
| 13.40 - 13.50 | Novel Models for Citizen –Professional Collaboration
Jukka Kirjavainen, Tieto Healthcare and Welfare Oy |
| 13.50 - 14.00 | Multimodal Image Processing and Archiving
Gösta Ehnholm, Philips Medical Systems MRT Finland |
| 14.00 - 14.15 | BioBrake |
| 14.15 – 14.35 | Microfluidistics in Bioanalysis
Klas Hjort, VTT and University of Uppsala |
| 14.35 – 14.55 | New Opportunities in Monitoring Prostate Cancer
Tapio Visakorpi, University of Tampere |
| 14.55 - 15.15 | Utility of chimeric avidins in bioanalysis
Markku Kulomaa , University of Tampere |
| 15.15 – 15.35 | National DIA-NET Graduate School for Diagnostics
Kim Pettersson, University of Turku |
| 15.35-15.40 | Concluding Remarks
Jouko Haapalahti, SalWe Oy and Orion Diagnostica Oy |
